

TRIMESTER TWO --- ACADEMIC SHORT TERM GOALS

STUDENT NAME: _____

DATE: _____

Short Term Goal: In order to reach any vision you must create short term goals. Define three short-term academic goals for this trimester. Your goals should be challenging but also achievable and realistic. Push yourself, but set goals that you are capable of achieving with maximum effort. Your goals should bring you satisfaction --you should truly want to work towards these goals.

What were your grades last trimester?

| | ELA | MATH | HUMANITIES | SCIENCE | ART/MUSIC | HEALTH/PHYS.ED |
|---------------|-----|------|------------|---------|-----------|----------------|
| How many 4's? | | | | | | |
| How many 3's? | | | | | | |
| How many 2's? | | | | | | |
| How many 1's? | | | | | | |

Based on your grades, create goals that will help you improve academically this trimester. Look at how many standards you did not meet proficiency for (**look at shaded area**) and decide which class you want to do better in. For example, a goal can be "I want to improve my academic standing in science. I will earn 3's on all the standards." Be specific, **look at the standards**, we will work on steps on how to reach your goals after you choose which goals you want to focus on.
