

# My 6th Grade Portfolio Presentation

Scholar Name: Marlin Severino

Advisory Group Name: Los Poderosos

Advisor Name: Alexandra Scharf

# ELA

## Title of PBA's in ELA this year:

1. 6th Grade Me Presentation
2. Inferences - Stray by Cynthia Rylant
3. Word Generation Context Clues 1.12
4. The Bracelet - Plot
5. Wonder - Via and Miranda Dialogue & Character Development

# ELA

## Title of PBA to present: Wonder - Via and Miranda Dialogue & Character Development

In this PBA, I.... (explain what you had to do to complete the PBA)

- I had to create a conversation between Via and Miranda that they never had to make up.
- I had to read and use text evidence to make it more realistic to what was happening
- I had to present my dialogue in front of the class and act like I was Via.

I like this piece of work because ....

- I got to show my creativity
- I loved presenting and being Via for a moment
- Acting isn't my thing but I was proud of me and my partner for trying our best and getting P.O.R

This piece of work shows that this year in ELA class I learned...

- This piece of work shows that this year I have showed a lot of hard work
- I have known how to cite evidence to make my work better
- I can create a dialogue between 2 charcaters

# What kind of growth have you experienced in ELA Class?

Use evidence from your PBAs to support your answer.

Type your response here: (3-4 sentences)

**Apple:**

I have grown in;

-Citing Evidence

-Making Inferences

These things show that this year throughout ELA I have tried my best to get good grades and make my teachers and family proud.

**Onion:**

I would like to work on;

-Knowing Perspectives

-Themes of a story

-Using Context Clues for vocabulary I don't understand

To do these things I will try my best to work on it and ask Mr.Montoya to help me.

**Apple:**

I also have done my best in;

-Making Inferences

-Making a dialogue

between two characters

These two concepts were not difficult for me because of the focus and hard work I put into it. Mr. Montoya really helped and wanted me to succeed.

# Humanities

Title of PBA's in Humanities this year:

1. **Where In the World Is Carmen Sandiego**
2. **Investigating the Past**
3. **Hominids**
4. **Comic Book**
5. **Ancient Empires**
6. **Pyramid Webquest**
7. **Who Killed King Tut**
8. **Ancient Greece: Alive & Well**

# Humanities

## Title of PBA to present: Who killed King Tut?

In this PBA, I.... (explain what you had to do to complete the PBA)

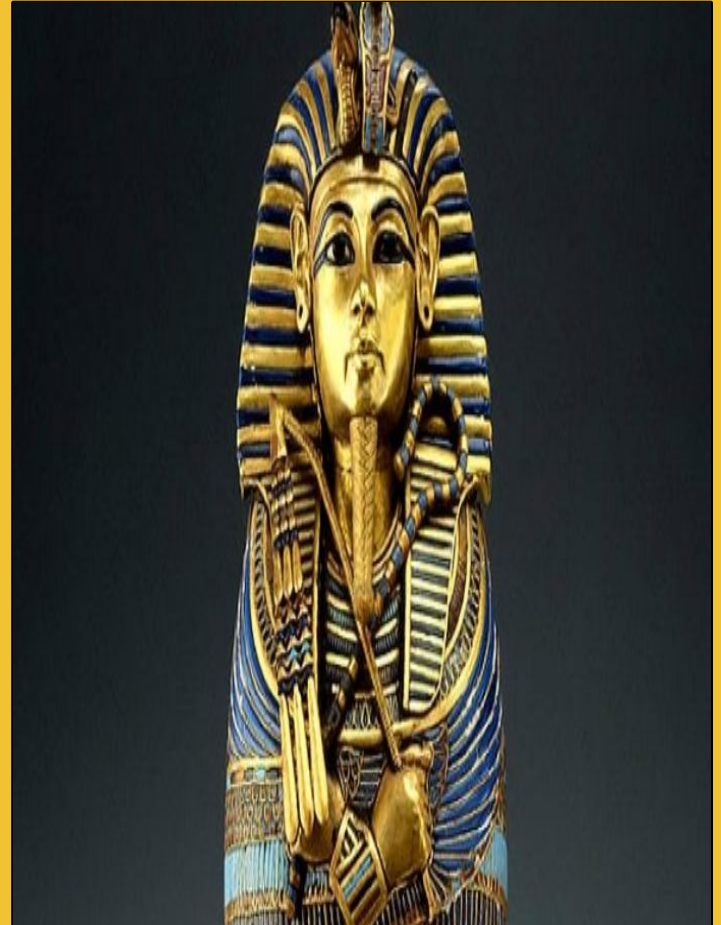

- I had to create inferences on who killed King Tut
- Using evidence from when he was alive, I had to explain myself and try to investigate who killed him

I like this piece of work because ....

- This piece of work was fun and it was very interesting
- It was a great experience to try to solve a real world problem

This piece of work shows that this year in Humanities class I learned...

- To infer and work with a group
- Work hard to achieve a goal
- Focus and try to create great answers
- Learn something new

# What kind of growth have you experienced in Humanities Class?

Use evidence from your PBAs to support your answer.

Type your response here: (3-4 sentences)

**Apple:**

In Humanities I have grown in;

- Ancient Egypt
- Researching information
- Civilizations
- G.R.A.P.E.S and Mr. Help

I have grown a lot in Humanities this year, by working hard and trying my best.

**Onion:**

I want to grow in;

- Knowing my continents and oceans better
- Knowing how they make mummies
- Ancient Greece

Next year I want to ask more questions and focus. I hope that in 7th, I will learn much more.

**Apple:**

I feel I also did well in;

- The debates
- Accountable talk

Since the beginning of this year, I knew nothing about Humanities, but Mrs. Hervieux helped me understand and learn a lot more.

# Math

## Titles of PBA's in Math this year:

1. The Amazon Forest
2. Going, Going, Gone on a Vacation
3. Wildlife Preservation
4. Air Traffic Controller
5. Don Pepe's Restaurant
6. What's my number?
7. What's the chance?
8. 3-D gone wild

# Math

## Title of PBA to present: Air Traffic Controller

In this PBA, I.... (explain what you had to do to complete the PBA)

For this PBA I had to act like I was a traffic controller but for airplanes. I had to

-graph where the pilots had to go which was really fun and easy

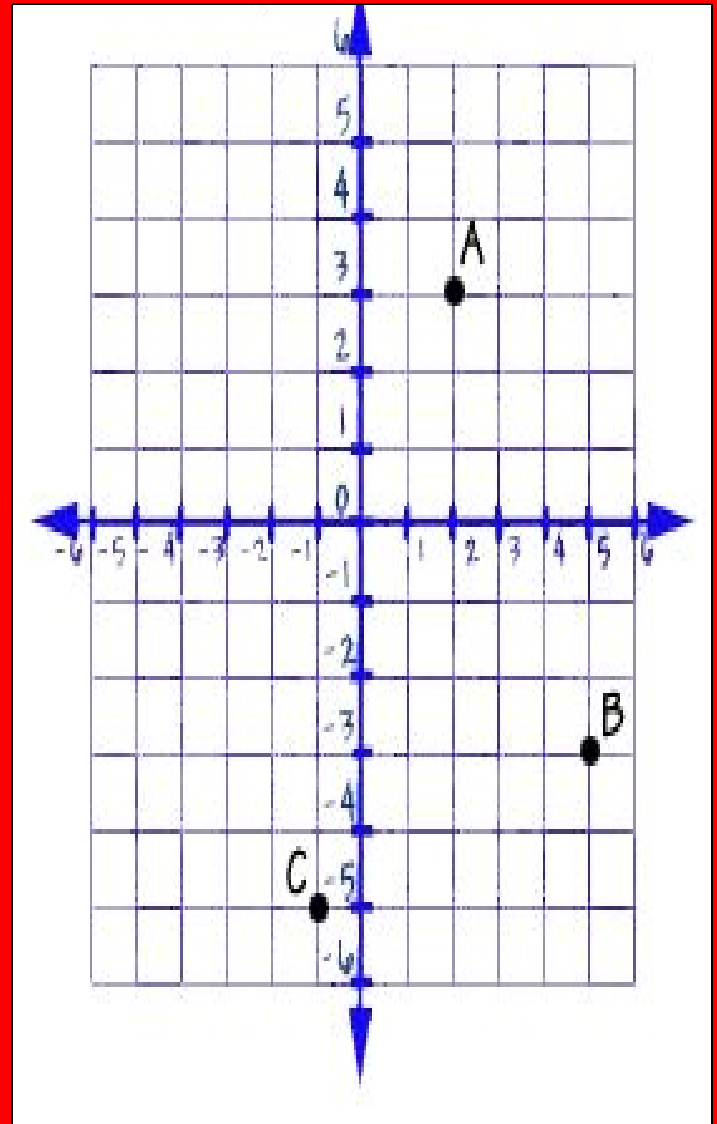

-graph the points on the x-axis and y-axis

I like this piece of work because ....

I like this piece of work because it was fun trying to "control" a plane. When trying to find the exact graphing point I always checked back my work to see if the points were correct.

This piece of work shows that this year in Math class I learned...

This piece of work shows that this year in Math class I learned to always try my best on each subject no matter what it is.

# What kind of growth have you experienced in Math Class?

Use evidence from your PBAs to support your answer.

Type your response here: (3-4 sentences)

**Apple:**

Throughout this year in Math class, I feel I have tried my best on all subjects.

I have been most successful in;

- Fractions
- Coordinate Planes
- Plotting
- Adding, multiplying, dividing fractions was easy to understand also.

**Onion:**

I found Algebra to be the hardest for me because..

-It had a lot of steps

-Hard to remember exponents especially.

Even though this was

hard, I tried my best

throughout the unit. Ms.

Legon really helped us if

we ever had questions or

had trouble while

learning.

**Apple:**

I also I feel that I did well on plotting.

This was an easy concept because all you needed to do was find the plotting points.

Next year I hope to understand more and achieve more. I was afraid to ask questions, but I hope to ask as many questions next year.

# Science

Titles of PBA's in Science this year:

1. **Unit #1:” The Scientific Method”**
2. **Unit #2: “Growth, Development, and Reproduction of Organisms”**
3. **Unit #3: “Ecosystems”**
4. **Unit #4: “Engineering and Design”**
5. **Unit #5A: “Phases of the Moon”**
6. **Unit #5B: “The World at a Tilt”-Seasons and Gravity**

# Science

## Title of PBA to present: Phases of the Moon

In this PBA, I.... (explain what you had to do to complete the PBA)

In this PBA I had to draw the phases of the moon, all in order. I had to was

-understand which way each face goes

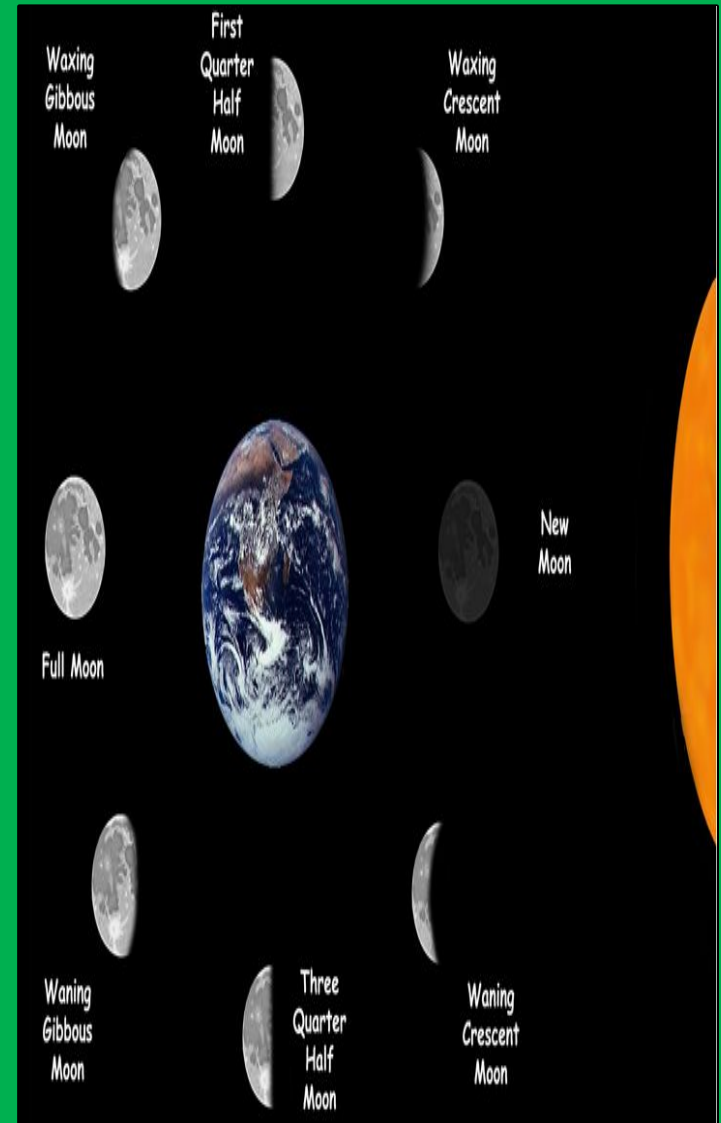

-cut up or draw my phases in the way they needed to go.

I like this piece of work because ....

I was really interested in what the phases where. I never imagined myself learning about the moon because it seemed so difficult but when Ms. Kirby thoroughly explained it to us with notes and games, I understood.

This piece of work shows that this year in Science class I learned...

Many new things that I thought would be very difficult. I feel I have achieved many things in Science which is a subject that is very challenging for me.

# What kind of growth have you experienced in Science Class?

Use evidence from your PBAs to support your answer.

Type your response here: (3-4 sentences)

## Apple:

Science is the one subject I thought was very hard to understand and was going to fail this year. On my first report card I got a 2 in Science. I was shocked but I knew why, so the next 3 quarters I went up and got to 3's & 4's. I am so proud of myself.

## Onion:

Something I didn't do so well in Science this year was hypothesizing, I had a really hard time because I never knew how to phrase it, but throughout this year I have grown and have changed tremendously in Science and can not wait to learn many more new things in 7th grade.

## Appel:

Another thing in Science that I have grown in was growth and development. I had known some of this unit because I learned it in my past grades so I had some background knowledge which is good to have. Again I am very proud of myself this year in Science.

# MAGn'T

## Music

1. Tempo and Dynamics
2. Say It, Clap It, Play It
3. Cup Song PBA
4. 5 Finger Pattern
5. Jingle Bells/ Ode to Joy

## Art

1. I am...
2. Stained Glass
3. Color Theory- Face
4. POP Art
5. Patterned Places

## Physical Education/Health

1. Falcon fitness
2. Wordle
3. Environmental Central
4. Label Reading: Nutrition Facts
5. Say NO to Bullying
6. ReThink Your Drink
7. Friend or Foe

# MAGn'T

## Title of PBA: Cup Song PBA

In this PBA, I.... (explain what you had to do to complete the PBA)

In this PBA, my group and I, had to come up with a whole routine consisting of

-the cup song

-epic patty cake game.

My group and I wanted to make it exceptional and I feel we did a great job.

I like this piece of work because...

My group and I always contributed into a new sound, beat, or action. When we performed, I had so much fun and my other classmates liked it. I am very proud of my teammates and myself.

This piece of work shows that this year in MAGn'T class I learned...

To do different things and make different sounds, and beats and work in groups. I also learned to perform and focus.

# What kind of growth have you experienced in MAGn'T Classes?

Use evidence from your PBAs to support your answer.

Type your response here: (3-4 sentences)

**Apple:**

This year in MAGn'T I have tried my best to succeed. In Music I have learned to audiate, different types of tempos and volume. In art I have tried my best to understand different colors. In Gym/Health I have worked hard to understand about health and relationship.

**Onion:**

I have to admit that some standards were very hard like;

- The Pacer Test
- The Say it, Clap it, Play it
- Five Finger Pattern
- Stained Glass

I worked very hard and in the end I got a good grade. Next year I want to focus more if having difficulties even if they're a challenge.

**Apple:**

Even though I had some troubles I did have again some achievement in;

- Friend or Foe
- Patterned Faces

MAGn'T this year was very fun, adventurous and exciting. I really tried to exceed expectations to make teachers and my parents proud. Can't wait 'till next year.

# Community Service

Location of Community Service:

Jenks Park, Central Falls

# Community Service

**Describe** what you did during your community service:

For my community service I cleaned up the leaves from Jenks Park. We had rakes, bags, broom, gloves, water bottles, which helped us all to help our community.

**Analyze** how you helped your community:

I helped my community because during that month, they were going to have an event for Halloween and we helped clear the space out for the people who were going to attend.

**Extend** on how you can continue to support your community in the future:

I feel we can continue to support our community by helping out on the streets. This was a great opportunity for Segue scholars .

# Inside Out Project

Insert Title of Project: Chef Severino

Insert Inside Out Project Link

Here:[https://docs.google.com/presentation/d/152NtwWks2-CSBK2B7ucjXLInGEcN09\\_cHYxRWIZYKfc/edit#slide=id.g10ebdefc58\\_0\\_0](https://docs.google.com/presentation/d/152NtwWks2-CSBK2B7ucjXLInGEcN09_cHYxRWIZYKfc/edit#slide=id.g10ebdefc58_0_0)

# My Inside Out Project:

## **Describe what you did for you Inside Out Project**

I became a Chef for this project. On the slide it shows how I had to;

- Boil plantains
- Mash them
- Cook eggs and salami, and onions

This was a very fun because I love cooking and I can create anything when cooking.

## **Explain why it is something that is important to you.**

This is very important to me because my family is always cooking. I enjoy cooking and everytime I cook I feel great.

## **Would you do this project again? Would you make any changes? Explain.**

I would love to make this project again because I would change the way to might have cut things up but overall I am very happy. Next year though I want to try something new.
